

FINANCIAL PARTNERSHIP LEVELS

Choose your level of investment

Every contribution is acknowledged at the conference, in our printed materials and online, with visibility scaled to the level of investment. Funds can be directed to a specific island or school, and we report back to partners on exactly what their investment delivered.

Legacy Partner

Multi-island or multi-year partnership. Our highest level of recognition, named across the programme.

Open a door, not just your chequebook

The most valuable thing a company can give a young leader is a look inside real work. We are building a career pipeline alongside the conferences, and we are asking partner companies to commit to one or more of the following.

- 
Internship placements
 A summer or holiday placement for a student who has completed our programme. We match, prepare and support the student; you provide the seat and the supervision.
- 
Job shadowing and site visits
 A half day inside your business for a small group — often the first time a student has seen the work they are studying towards.
- 
Staff mentors
 Two or three of your people, matched with students for the programme year. Structured, time-bound, and supported by us.
- 
Speakers and panellists
 Your leaders on our stage, talking honestly about the path they took.
